

Un air de...

Bonjour,

Last time I was reading a book called « Chefs-d'oeuvres de la Peinture Française »,

When I saw the photo on page 149, named « Le Pont de Narni » by Jean-Baptiste Corot,

I immediately thought about that of course:

Nobody can deny that somehow there is a similar air between these two paintings.

In our case, this a copy of of painting made by H. Schmidt,
May be Henri Schmidt... need to make some investigations...
